Yarrows Are to Build Automobile Ferry for The C.P.R. Company

Local Yard in Competition With British and Mainland Firms Secures Important Order for Fourteen-Knot Wooden Craft With Diesel Engine Equipment

WORK COMMENCES AT ONCE; TO COMPLETE VESSEL BY MAY

SUCCESSFUL in competition of widespread and keenest description, the local firm of Yarrows, Limited, was yesterday awarded the contract of the Canadian Pacific automobile ferry for use next Spring and Summer between Vancouver Island and Bellingham. The order is a plum that firms in Great Britain as well as in British Columbia were reaching for, and general satisfaction is felt that a Victoria concern has secured it. The figures of the successful proposal were not made public by Captain J. W. Troup, manager of the Canadian Pacific B. C. Coast Steamship Service, in announcing the disposition of the work. He remarked, however, that it would be an expensive vessel.

NAVAL STANDING SET BY TREATY

If Washington Pact Ratified Great Britain Will Have 22 Capital Ships, United States 20, Japan 10

AMERICA FORTY-ONE IF TREATY UNENDORSED

First Lord of Admiralty Hopes Britain Will Retain One-Power Standard If Terms Fail

LONDON, Dec. 6.—Lieut. Col. L. C. Amery, First Lord of the Admiralty, at question time in the House of Commons today, stated that if the Washington treaty were ratified, the United States would have twenty capital ships of fighting value, Japan ten, Great Britain twenty-two. If the treaty were not ratified, the respective figures would be: United States forty-one, Japan twenty-three, Great Britain twenty-three. If the Washington treaty were ratified, Colonel Amery continued, the United States would have three post-Jutland capital ships completed and two building; Japan two completed and Great Britain one, namely, the Hood, which, however, only partially embodied the lessons of the battle of Jutland.

If the terms agreed upon at the Washington conference were carried out, the First Lord of the Admiralty said, he trusted that Great Britain would maintain, at any rate, a one-power standard.

SUGGEST COMMISSION ON BANKING SYSTEM

Centralization of Control Not in Best Interests of Canada, Council of Agriculture Declares

WINNIPEG, Dec. 6.—The appointment of a royal commission of three members to inquire generally into the question of Canadian banking system, in view of the revision of the act which is expected at the next session of Parliament, was recommended today in a resolution passed by the Canadian Council of Agriculture after prolonged discussion. The resolution declares that centralization of control of Canadian banks is not in the best interests of the country, and emphasizes the importance of embodying in legislation the principle of the protection of shareholders and depositors.

Supplementary Estimate For English Unemployed

LONDON, Dec. 6.—A supplementary estimate of £1,070,000 for the relief of unemployment was issued by the Government today. Most of the money is required to meet expenditures for the employment of labor on land improvement and drainage and for loans to local authorities for unemployment relief.

"Chest" Contributions Can Be Paid Monthly

IT is requested, especially by the ladies' committee of the Community Chest, that emphasis be laid on the fact that contributions to the Chest can be paid monthly. It is felt that if the public fully realized this, individual subscriptions might be larger. Each contribution covers fourteen organizations. For instance, a subscriber who donates \$5 cash might be willing to contribute \$2 per month, making an increase in the Chest funds of \$10. Similarly the small subscriber of \$1 might be willing to subscribe an additional 50 cents per month, which would make the contribution quite substantial without causing any inconvenience. Will canvassers, citizens already canvassed and those still to be approached kindly take notice.

Another point might be explained with advantage. It is claimed that the Community Chest prevents overlapping. Why? At the Community Chest office, manned by a lady bookkeeper, will be kept a private record. When any organization is applied to for relief, a phone message to the Community Chest office will secure information relative to the applicant whether or not any other organization has been supplying relief and when, etc.

A large body of ladies, most of whom are prominently associated with relief and social welfare organizations, gathered at the Community Chest headquarters yesterday at noon. Mrs. J. C. F. Hyndman presiding. The object of the meeting was to organize for a determined drive on the residential districts of the city. After a general discussion the organization was proceeded with, each lady being allotted a street to canvass. Great results are expected, as the ladies displayed a keen interest in the movement, expressing their intention of doing all in their power to make the drive a success. As these ladies are gladly giving their services in a cause they have at heart, it is expected that each household called on will "Give, and greet them with a smile."

MONTREAL, Dec. 6.—The following telegram was received here yesterday in connection with the several large fires which have occurred in and around this city recently, name for which has been attributed to the Ku Klux Klan in some quarters. "Atlanta, Ga., Dec. 6.—Authorize you make categorical denial Knights of the Ku Klux Klan responsible in any way for incendiary fires in Canada or elsewhere. (Signed) William J. Simmons."

STERLING CLIMBS TO HIGH RECORD

NEW YORK, Dec. 6.—Sterling exchange established another record today, demand being quoted at 4.66 1/4, or 11-16 cents above yesterday's top price. Steady improvement in Great Britain's trade balance, which has been accomplished by a balancing of its budget, a reduction in imports and an increase in exports, was the reason given by local banks for the further strength of the London rate.

Mrs. Spottford Runs for Trustee Again—Messrs. H. O. Litchfield and Alex. Smith Enter Contest

With three candidates for Mayor, twelve for two-year term aldermen and four for the one-year term, seven candidates for the School Board and three for the Police Commission, nominations closed yesterday for the municipal election to be held next Wednesday.

Only five of the two-year term candidates are to be elected, and not more than five may be voted for on the ballot papers at this election. The four members of the Council who do not need to seek re-election this year are Aldermen A. B. Todd, R. A. C. Dewar, David Leeming and J. H. Gillespie. Only one of the four one-year candidates is to be elected, and ballot papers will be split if a cross is made for more than one. These points, which must be remembered by voters on election day, represent the main features of this year's civic election arrangements.

DESTRUCTION PROPOSED OF EXISTING FORTIFICATIONS

LAUSANNE, Dec. 6.—A strong American plea for freedom of the Straits, with the right of warships to pass to and fro from the Black Sea, was the outstanding feature of the Near Eastern conference today, which received from the entente nations a definite project for the future control of the Dardanelles. The Russian plan for the exclusion of all but Turkish warships from the Straits received a bad blow by the Allied proposals.

Ottawa House Opening May Be On January 18

OTTAWA, Dec. 6.—Official announcement of the opening of Parliament has not been made, but indications are that it will be Thursday, January 18, and preparations are being made with this date in view. If Parliament opens on January 18, the Governor-General's drawing-room reception will be held on Saturday, the 20th. The various Government departments are now at work on the preparations of estimates which will have to be passed by the Treasury Board before they are submitted to Parliament.

CEREMONIES IN IRELAND QUIET

Free State Was Inaugurated as One of Self-Governing Dominions of the British Empire Yesterday

OATH ADMINISTERED TO MR. TIMOTHY HEALY

Allegiance to New Constitution and to His Majesty King George Is Sworn To With Only One Objector

DUBLIN, Dec. 6.—Inauguration of the Irish Free State as one of the Dominions of the British Empire took place today. The ceremony was simple and unmarred by hostile demonstrations from the Republican minority.

The oath was administered to Mr. Timothy Healy as Governor-General by the Lord Chief Justice at Mr. Healy's residence, and afterwards the new Governor-General administered the oath to Prof. Michael Hayes as Speaker of the Dail.

Deputies Take Oath
There were no crowds outside of the Parliament House when the Dail met tonight. The members assembled punctually at 8 o'clock. Mr. Wm. T. Cosgrave, president of the Dail cabinet, and Kevin O'Higgins, Minister of Home Affairs and nephew of the new Governor-General, were among the first arrivals, and occupied the same seats as in the old Dail Eireann. At 8:10 o'clock Speaker Hayes announced he was authorized by the Governor-General to administer the oath to the deputies.

Mr. Cosgrave was the first one to be sworn and to sign the roll. The form of the oath of allegiance was

primarily to the constitution of the Irish Free State and then to King George as head of the peoples forming the British Commonwealth.

Mr. O'Higgins and the other ministers took the oath in turn, followed by the members of the Dail. The oath was administered to each man individually.

Officers Re-elected
When the ceremony was completed Prof. Hayes was re-elected Speaker and Mr. Cosgrave President of the cabinet.

Only two of the five Irish signatories of the treaty, Mr. Eamon J. Duggan and Mr. George Gavan Duffy, took the oath. Of the others, Mr. Arthur Griffith and Mr. Michael Collins are dead, and Mr. R. C. Barton is in jail as a rebel.

All the Labor members were present and took the oath with the exception of Mr. L. Gaffney, who was absent because of illness. Another absentee was Mr. Liam de Róis (William Roche), member for Cork City. He has been a supporter of the treaty and Mr. Róis is expected to refuse the oath, leaving his constituency unrepresented.

Mr. O'Higgins, editor of The Voice of Labor, and noted for his advanced views, was one of those sworn in. Lord Mayor O'Neil was absent from the ceremony. Another absentee was Mr. Liam de Róis (William Roche), member for Cork City. He has been a supporter of the treaty and Mr. Róis is expected to refuse the oath, leaving his constituency unrepresented.

Acceptable to Labor
Mr. George McKeown, who has been conducting The Free State military operations in the provinces and was not here in Dublin recently, appeared and took the oath.

The Labor Party authorized its leader to make a statement explaining its acceptance of the oath. The statement said the Laborites were merely following the tactics of the political parties of the workers in all other countries, whether monarchial or republican. The report they looked upon as implying no obligation other than the obligation resting upon any person in accepting the principles of citizenship.

GERMANY WAS DUPED, IS COUNT'S CHARGE

Memoirs of General von Moltke State Mobilization Debated Through the Belief of English Neutrality

BERLIN, Dec. 6.—"Did England deliberately dupe Germany into delaying mobilization by tentatively indicating that she would observe neutrality in the event that Germany isolated from a naval attack on the north coast of France?"

This impression is recorded by Lieut.-Gen. Count von Moltke, in one of the critical chapters of his "Memoirs," now issued by the widow, the appearance of which has been keenly awaited in view of the role he played in the early days of mobilization and in the German defeat on the Marne.

Dispatch From London
"On the day of mobilization," says the memoirs, "a dispatch arrived from London in which it was stated that England had obligated herself to assume the defence of the French coast against possible German naval attacks. The Kaiser asked my opinion, whereupon I replied that I could have no scruples against guaranteeing that no such attack was contemplated, if England pledged herself to remain neutral."

"It was my opinion that the war against France would be decided on land and that we could well dispense with naval operations if that was to be the price of English neutrality. Obviously this dispatch represents England's first attempt to dupe us, at least to the extent of prompting us to delay our mobilization."

Charges Against Russia
Von Moltke charges Russia with having enticed the war, inasmuch as she well knew that Germany could not permit the destruction of her Austro-Hungarian ally. The German general staff, he asserts, had long since taken war on two fronts into its calculations. Plans evolved by Field Marshal von Schlieffen, chief of the general staff, provided for the invasion of Belgium, as it was commonly agreed that a decision in open battle could not be forced without violating Belgian neutrality.

"Our information indicated," continues von Moltke, "that France was determined to entrench herself in a strong defensive position, which would force us to conduct a long and wearisome trench and position campaign against a strong frontal defence. Von Schlieffen even proposed to march the German right wing through Southern Holland, but rather than drive The Netherlands into the camp of our enemies I decided to accept the greater technical difficulties involved in forcing our right wing through the narrow section between Ais de Chapelle and the southern boundary of the Province of Limbourg."

To Seize Liege

"In order to accomplish this with the least possible loss of time, it was necessary to seize Liege immediately. Admitting that there was much to be said in opposition to an invasion of Belgium, von Moltke cites the early progress of the war in support of the German contention that France thereby was compelled to meet the Germans in open battle."

RHODESIA LABORITES ASK REPRESENTATION

Does Not Desire to Govern in First Parliament, But to Safeguard Interests of Workers

SALISBURY, Rhodesia, Dec. 6.—At the conference of the forces embraced in the association aiming at responsible government for Rhodesia which will be held on December 12, an effort will be made to eliminate, as far as possible, party labels in the first general election, and an effort will also be made to include Labor in the responsible government party in the hope of avoiding a split vote.

Not Bolshevistic

It is significant that the movement to organize a distinct Labor party is not making progress. Organizing Secretary Keller, of the Rhodesia Railway Workers' Union, endorses the opinion that Labor does not desire to govern, but desires sufficient representation in the first parliament to safeguard interests of the workers. Keller declares that the Labor forces of Rhodesia are not Bolshevistic or Communist. He says the policy of the Rhodesian Labor Party is not to embarrass the Government which tries to do its duty.

NEW TARIFF UNPOPULAR IN THE UNITED STATES

WASHINGTON, Dec. 6.—Although there is no real sign of another revision of the tariff in the near future, it is nevertheless a fact that there is much muttering of discontent in and out of Congress over the new law.

The full effects of the law are not as yet felt. However, two things are clear. One is that there is a tendency on the part of manufactured goods to increase in price. The other is that the agricultural industry of the United States is still in a most serious condition and the tariff bill, with its high agricultural rates, has not been of any decisive advantage to the farmers. Undoubtedly, in some cases it can be shown where it has reduced importations which would have come into competition with U.S. farmers, but the fact is admitted by all agricultural authorities that the farmer's future is as bad now, if not worse, than they were a year ago. The tariff has proved no panacea for the troubles of the agricultural industry and there are decided symptoms that it will mean materially higher prices on the things the farmer has to buy.

Labor, it is plain, is much disaffected with the new tariff law. If the President and tariff commission were to make quick and effective use of the flexible provisions to reduce rates, some of the discontent against the tariff would be allayed. But such use is not being made. Many are becoming skeptical whether any large relief from extreme duties need be looked for through the flexible tariff provisions.

WOULD NOT LEAVE HIS AILING CHILD

**WONG HOY FIGHTS POLICE WHO
ARREST AND HANDCUFF HIM
Magistrate Discharges Chinaman, and
Thinks Inspector Might Have
Used Better Judgment**

The story of how Wong Hoy, believing his three-year-old baby to be at the point of death, fought Police Inspector Heatley rather than be arrested, and was handcuffed and taken to the police station after being separated from the child, was told to Magistrate Jay in the police court yesterday.

Dismissing the charge against Wong Hoy of being found in an opium den, Magistrate Jay expressed the opinion that Inspector Heatley might well have exercised more discretion in the matter of the arrest. The court accepted Wong Hoy's story that he had gone to the place to get advice, when he was distracted about the condition of his child. The story was borne out, said the magistrate, by the evidence of Dr. Hermann Robertson, who, later that night, operated upon the child in St. Joseph's Hospital; and who said that the operation was a matter of extreme urgency.

Wong Hoy's Story
Wong Hoy, who was represented by Mr. D. P. W. Maunsell, said that his home was in Cloverdale, where he lived with his wife and nine children. His wife was sick in bed. Last Saturday evening, his wife became alarmed by the condition of the youngest child, between two and three years old, and sent him in charge of an elder sister to Wong Hoy's place of business, 1720 Government Street. Wong Hoy said that he was afraid for the child, and immediately took it in his arms and went across the street to where his best friend lived, at 1720 Government Street. He wanted advice about getting another doctor.

When he reached the place, he was admitted by Lum Ching, also charged by the police. His friend was not in and Lum Ching took him into the room where there was a fire, to wait the expected return of the friend. In this room, occupied by Lou Gip, the latter Chinaman was smoking opium. When he had been there a few minutes, Inspector Heatley and three other officers arrived, and put Lum Ching and Lou Gip under arrest and took them to the police station.

Father Is Handcuffed
Still with the sick child in his arms, Wong Hoy was taken by Inspector Heatley and Constable Palmer across to his own store. Wong Hoy said that there he resisted the demand of the police officers that he go to the station. He said that Inspector Heatley took the child from him and put it into a baby carriage. The child was in great pain. Wong Hoy offered to put up money, to give bail there and then, to appear at the station on the following day, he declared. His child's life was more to him than any money, he protested. When he resisted forcibly, the officers handcuffed him, took him to the station, charged him, and released him on \$50 bail in a few minutes.

The story for the defence was continued by Yung Dick and Dr. Hermann Robertson. Yung Dick said that he was left by the police in charge of the sick child when the father was forcibly taken to the station. Yung Dick thought that Inspector Heatley had left the child in a very uncomfortable position. Dr. Robertson was called to the place later in the night, after Wong Hoy had bailed himself out of the station. He found the child in such a serious condition that he immediately took it and the father and an interpreter to St. Joseph's Hospital; and, some time after midnight, he operated on the child for an abscess of the neck. The operation was a matter of extreme urgency. In the doctor's opinion.

Inspector Defends Himself
Lum Ching, who later satisfied the court that he also was innocent of the charge, contended that part of Wong Hoy's story which related to the incidents in the opium resort. Inspector Heatley protested strongly to the magistrate against any imputation of inhumanity on his part. He had tried to explain to Wong Hoy that he would only detain him long enough to charge him and release him on bail. He had used the utmost gentleness in his handling of the child. He saw that the child was very ill; he had children of his own; and was, like any father, asked, that he would use brutality in such a case? They had had to handcuff Wong Hoy because he had become violent in his resistance to arrest. Constable Tom Palmer confirmed Inspector Heatley in his denial that any inhumanity had been shown in Wong Hoy's story.

Inspector Heatley charged, and Wong Hoy denied, that the defendant had threatened in the police court to "get you if it costs me \$5,000." Wong Hoy said that what he had said, muttering to himself in his distress of mind, was that his child was more to him than \$5,000.

Magistrate Jay dismissed the charge as against Wong Hoy and Lum Ching. Lou Gip, who had failed to appear in court, was ordered to be arrested of his bail, in the sum of \$50.

The magistrate had no doubt that the child was very sick indeed, he said. The evidence of the doctor, and of the police officers themselves, established that fact. Under such circumstances it was altogether unlikely that the father, who had a sick wife and other children, would have gone for any unlawful purpose to the place where the police found him.

"I accept the explanation of Wong Hoy, and he and Lum Ching will be discharged," said the court. "I shall express no opinion as to the way the child was handled. But it seems to me that it was a case in which Inspector Heatley must have exercised discretion in the matter of the arrest. No one could have blamed him, I think, if he had allowed the man to remain in his home with the child until bail had been obtained."

VANCOUVER ASPIRANTS FOR CIVIC HONORS

Three Candidates Oppose Mayor C. E. Tisdell—Seventeen in Aldermanic Race for Eight Seats

VANCOUVER, Dec. 6.—As a result of today's civic nominations there are four candidates in the running for the office of Mayor of this city. They are Mayor C. E. Tisdell, who is seeking a second term as chief magistrate; L. D. Taylor, J. J. McRae and A. F. Fawcett. Mr. Fawcett entered the mayoralty race as a "dark horse," his nomination being filed five minutes before nominations closed.

There were two nominees for parks commissionerships to be elected, and the only two filings were from Messrs. Jonathan Rogers and Captain W. D. Jones, both present members of the

board. The city clerk declared them elected by acclamation.

School Trustees
Five nominations were filed when the school trustees election was declared closed at noon. They are Robert H. Gregor, Mrs. E. Hopkins, A. F. McDuffee, Dr. J. E. Nicholson and J. W. Prescott. Three are to be elected. W. J. Downie failed to qualify.

Aldermanic Race
The qualified nominees for aldermanic honors were as follows: H. E. Almond, John Bennett, S. J. Birch, Mrs. Andrew Borland, M. J. Cameron, James Conley, Alderman Fred Crane, Alderman P. C. Gibbons, Leon Lutz, Kar, G. W. Morrow, Alderman W. Z. Owen, Alderman R. P. Pettipiece, ex-Alderman Fred P. Rogers, Charles Sangster, Alderman W. J. Scrubbin, Alderman T. H. Tracy, Alderman Frank E. Woodside. Eight are to be elected.

TO HOLD ALL-INDIAN TRADE UNION CONGRESS

LAHORE, India, Dec. 6.—Arrangements are proceeding apace for the forthcoming all-Indian trade union congress to be held here. Coal miners and steel workers will be represented. The agenda includes discussion of a proposal to form a political labor party to co-operate with the executive of the trade union congress, also with a view to the possibility of contesting elections to the provincial legislatures. Secretary Hall, of the British Communist party, has telegraphed offering "the fullest support and sympathy of the labor proletariat for the economic liberation of Indian workers whose success mainly depends on political freedom."

Disarmament Conference

BUENOS AIRES, Dec. 6.—The Brazilian Government today invited Argentina and Chile to attend a disarmament conference to be held at Valparaiso, Chile, January 12, as a preliminary to the Pan-American Congress to be held at Santiago, Chile, in March.

DOMINIONS' SHARE IN IMPERIAL MACHINERY

Have Attained Manhood and Have Greater Claims Than Before, Says Premier Bonar Law

LONDON, Dec. 6.—Premier Bonar Law, addressing the Empire Parliamentary Association at its annual meeting here today, declared that the Dominions were "entitled to a larger share in the direction of the whole Imperial machinery," and he said what is more important they are now conscious of it.

The Premier led up to this declaration by saying: "During the war, when I had the opportunity of seeing a good deal of our Dominion fellow soldiers, I had a feeling which events have since justified, that our relations afterward could never be quite the same."

Attain Manhood

"It is an undoubted fact, despite our own efforts, that if we had not received such help from the Dominions, the war could never have been won. The most difficult time between father and son is when the son is just beginning to feel his manhood. That is our position today regarding the Dominions."

Labor Leader Agrees

Mr. J. Ramsay MacDonald, leader of the opposition in the House of Commons, declared that Premier Bonar Law's remarks concerning the relationship of Great Britain and the Dominions were profoundly true. The greatest problem facing the Empire was to maintain that close relationship.

**OASTORIA For Infants and Children.

and friendship, even affection, which, after all, would be the final test of the continued existence of the Empire.

Mr. MacDonald remarked that he had visited every Dominion in the Empire and spoke of the desire that had been manifested everywhere to show boundless hospitality to any occupying any sort of responsible position. He said: "I am afraid I am of a more restless disposition than the Prime Minister. I think the security of the Empire's future depends on a very large-minded series of experiments. We must devise new means of settling old problems, and doing this, where can you study it better than in the Dominions? Where can you get a better example of solving problems of two races side by side than in Quebec?"

Canada Cordial

Mr. MacDonald assured the gathering that he would always gladly do whatever was possible to promote the interests of the Parliamentary Association among its adherents. Sir John Simons, one of the leaders of the House of Commons, spoke enthusiastically of his cordial reception in Canada upon a visit to the Dominion.

INDUSTRIAL WORKERS PLAN COAST STRIKE

LOS ANGELES, Dec. 6.—Industrial Workers of the World plan a strike at all Pacific Coast ports, beginning New Year's Day, according to information the police said was obtained in literature sent by them and operative from the District Attorney's office in a raid in the harbor district on what was alleged to be an I.W.W. meeting.

In addition to literature, the police raiding party last night obtained a truck which, they stated, they believed contained the I.W.W. strike funds.

Engineer Scalded
 REVELSTOCK, Dec. 6.—Engineer Frank McDaniel, of Revelstoke, was slightly scalded this morning when a plug blew out in the cab of his locomotive just west of Golden. He was taken to the hospital at Golden.
 A London doctor removed a button from a man's ear that had been in it for 73 years.

MR. McWILLIAM IS CHOICE FOR REEVE

Ward Four Endorses Present Council as Successor to Mr. W. H. Robertson for Councillor

The first reevehip endorsement in Saanich for the coming elections was given last night when a public meeting held in Marigold Hall under the auspices of the Ward Four Ratepayers' Association approved of Councilor George McWilliam as the head of the municipality for 1923.

The name of Mr. Eric Kingwell was the only other one before the meeting, and the vote was 14-11.

Mr. W. H. Robertson was endorsed as the councillor candidate for Ward Four, heading a field of three. The other two who allowed their names to go before the meeting were Mr. C. H. Williams and School Trustee A. E. Hull.

Mr. J. Chestnam was the only candidate for trustee whose name was before the meeting, and he was endorsed. It was announced that Mr. James O'Connell, who had been stating that he would probably be in the field, had definitely decided that he would not be.

Councillor McWilliam was the first speaker of the evening, giving a report of the year's work of the Council. In speaking of the road work done, he referred to the improvement of Wilkinson Road as a matter of fact. While this highway was not now in good shape, he said, this was due to the dry summer and the lack of oil binding. Sufficient money was not available to avert the latter defect.

Roads Sacrificed
 The surplus estimated for this year was not really a surplus, as the roads had been sacrificed. At the last meeting of the Council he had succeeded in getting an additional \$500 for Ward Four.

Criticism levelled against Road Superintendent Gilling was not justified.

Gravel Roads Costly
 The heavy cost of keeping up gravel roads was referred to and permanent surfacing favored. Explaining the policy in regard to metering all water connections, Mr. McWilliam said that he did not believe the meter rent on half-inch meters would be resumed, but he thought it likely in the case of the larger connections.

Praise for the Health Centre was contained in the references to that institution. "While we haven't yet been able to open a maternity ward there," he said, "I don't think it will be long before we open up along those lines."

Superintendent Qualified
 Road Superintendent Gilling had done splendid work and was quite competent to continue as head of the works department until work requiring the services of an engineer was undertaken.

The Municipal Hall was not over-stuffed. He paid a compliment to the present employees.

School Trustee A. E. Hull reported on the School Board's work for the year. The trustee said that he favored election of trustees by wards and was opposed to the imposition of high school fees.

Thanked for Work
 A vote of thanks to Councillor

Mr. McWilliam was passed.

Councillor McWilliam said Reeve Watson, during the last election campaign, had stated that if given another year to see the Gordon Head waterworks completed, he would be satisfied and would stand aside.

Mr. McWilliam felt that he could reorganize the works department of Saanich so that it would give much better service than at present. He was in favor of engaging an expert road foreman to be under the road superintendent, and to have charge of the road work in every ward. The ward foremen to be eliminated. This official would move from ward to ward, doing the work required in each ward, such as ditching and culvert installation, would be done by men in each ward.

Trunk Road Fund
 The Councillor also outlined a plan for a trunk road fund, out of which the cost of rock and graveling the sides of paved roads would be borne, and out of which would come half the cost of work on trunk roads where Government assistance was not given, the other fifty per cent of the cost to be covered out of ward funds.

The candidate favored the cost of education being borne by an income tax levied on net income by the Provincial Government and paid out to the municipalities on a per-pupil basis.

Ex-Councillor Eric Kingwell, the other candidate for the reevehip, stated that he was defeated by Reeve Watson at the 1922 elections rather because of sentiment than policy, the Reeve having asked for another year in which to see the Gordon Head water works completed. The Reeve had promised a twenty per cent reduction of taxes of which Mr. Kingwell could see no evidence. Mr. Kingwell said that this would be a platform of rigid economy. He would not look for new methods of increasing the revenue. If the works department was as good as Councillor McWilliam said it was, Mr. Kingwell could not see why a road expert should be needed in addition to the road superintendent.

The high cost of street lighting at present in Saanich in comparison with Oak Bay was only another example of inefficiency.

A graduated taxation penalty instead of a flat rate, the cost of which was advocated by Mr. Kingwell, who also opposed an increase in the indemnities of Reeve and Council. He also favored a trunk road fund.

Messrs. Robertson, Williams, Hull and Chestnam addressed the meeting, after which the vote on the various candidates was taken.

Mr. P. Mellor, the new president of the Ward Four Ratepayers' Association, was selected as chairman by the meeting.

AMERICA CHAMPIONS
ENTENTE'S PLAN FOR OPEN DARDANELLES

(Continued from Page 1)

suitable for further discussions, which will be resumed Friday.

To Protect Constantinople
 In addition to the plan presented today, the Allies are arranging for the formation of a committee of experts to work out detailed regulations for protecting Constantinople.

A communique presented to the conference by the Entente powers today read:

"As guarantee for the liberty of the Straits, we ask of Turkey no right of international military occupation, but only the constitution of a military and naval commission comprising representatives of the interested powers and the inviting powers."

This commission would include the United States.

No Preventive Force
 The Entente project for the demilitarization of the zone of the Straits, as submitted to the conference today, comprises five articles. It declares there should exist no permanent military or naval works which would be susceptible to preventing free passage through the Straits. This zone includes the Dardanelles, the Sea of Marmora and the Bosphorus.

Article II. fixed the extent of the zone of demilitarization on both sides of the Dardanelles and the Bosphorus. They include the Gallipoli Peninsula, all the islands in the Sea of Marmora and the islands of the Thracian, Lemnos, Imbros and Tenedos in the Aegean.

All the existing fortifications should be destroyed. It is declared, and all new fortifications prohibited. No submarine would be permitted in the Straits.

No armed forces could be stationed or operate in the demilitarized zone, except police forces and the gendarmerie necessary for the maintenance of order in the interior.

Article IV. provides that in Constantinople and its environs there can be maintained for the need of the capital a garrison of a size to be determined by the Entente powers in Turkey, though the maximum would be 10,000 men. The last article says:

In Event of War
 "If, in case of war, Turkey, using her rights of a belligerent power, is obliged to modify this plan of demilitarization, she must re-establish at the conclusion of peace the status quo which existed before the war."

Authorities Garrison
 As a special protection for Constantinople, the Entente project authorizes a garrison not exceeding 10,000 men, but no armed force shall remain or move in the demilitarized zone.

Lord Curzon said the international commission of control would have Turkish permanent president. The exact procedure whereby the commission will be constituted, and whether it will work under the League of Nations, has not yet been decided.

In attacking M. Tchitcherine's plan to close the Straits to all except the Turkish Lord Curzon referred to the Panama Canal. Under international law Russian and Turkish warships have the right of free passage of the Panama Canal, he said, as well as the Suez and Kiel canals and other Straits. But M. Tchitcherine wanted to deny these rights to other nations with respect to passage between the Mediterranean and the Black Sea. He declared that the Russian scheme for closing the Black Sea would place the other countries bordering on that sea at the mercy of Russia, because Russia possessed the strongest land forces. He insisted that the Allied proposals gave no special advantages to the Allies, but were framed to secure a durable and equitable solution of one of the most vexed and complicated problems of international policy.

The general impression tonight is that today's developments have given a distinctly hopeful atmosphere to the conference.

Col. Flick and Other Candidates Speak at Sir James Douglas School

An investigation of civic departmental methods—with a view to increasing efficiency and reducing the cost of municipal administration was proposed last night by Mayor William Marchant before his campaign meeting at the Sir James Douglas School, Fairfield, as one of the substitutes for the tax on improvements.

He declared that by cutting down costs it would be possible to raise sufficient revenue from a tax on land values and services to meet the city's financial requirements.

Leut.-Col. Flick, candidate for Mayor, held that control of School Board expenditures by the City Council was an essential requirement.

"We'll have to go to the Legislature and get these powers," he declared. "Otherwise we are nowhere. We have got to cut down taxes and I am opposed to taxes on improvements."

Would Accept Mandate
 Mr. J. W. Hunter presided. About forty persons attended.

The Mayor devoted most of his time to a discussion of the local improvement tax.

"If the majority of the electors for taxation of improvements, I will accept their mandate, although I am convinced in my own mind that the tax is economically wrong."

The Mayor said that the sinking fund shortage, on which issue he attacked the 1921 Council, was largely due to "a weakness on the part of the officials."

"It wouldn't be fair to blame previous councils for the present situation," said the Mayor. "It has been the common practice. They used to brag about having the lowest tax rate in Canada, but it was a boast based on dishonesty, because posterity was being asked to pay debts that should properly be borne by the present."

"Would you believe it? Two millions was spent on street widening, and some of those streets are now practically in disrepair."

Who Should Pay?
 "Who should pay? Were the modest citizens of Fairfield responsible, for instance? The speculators were responsible, and they earned their reward; but the people paid. The modest citizens of Fairfield paid their share—victims of municipal madness. The man who lost in realty speculation is not to be pitied. Those deserving of sympathy are the people who were content to build their homes and be good citizens."

The Mayor held that educational costs here were much in excess of what they reasonably should be. "I don't wish to criticize the School Board," he said, "but for one thing, the Arts College could very profitably be dispensed with. The Fire Department costs too much. The one department whose estimates were actually reduced was the police, about which I incurred unfortunate notoriety."

The Mayor said that neither the present City Assessor nor the previous one made any attempt at a scientific assessment of improvements.

Col. Flick Blames "Experts"
 Col. Flick assailed the policies of this year's Police Commission, and said that the duty of commissioners was not to run around doing the work of detectives and constables, but to decide on general policies of administration.

He blamed "experts" for the cost of the Johnson Street Bridge, which he asserted would be \$1,500,000. The colonel urged a constructive campaign for industries. "It is about time the present Council was rooted out," declared Mr. J. C. Gibson, candidate for alderman. "I am amazed at the insanity which seems to permeate even the present Council under Mayor Marchant. My programme, briefly, is lower taxation, opposition to improvement taxes, encouragement to industries. We should go after industries and not so much after tourists."

"I stand for optimism and effort," announced Mr. J. A. Five Points. "We've had enough of the

From Victoria to London—A lantern lecture on "A Trip from Victoria to London" will be given tomorrow evening, in the schoolroom of the Emmanuel Baptist Church, commencing at 8 o'clock, by Mr. J. Bryant. Several musical items will also be given during the evening. This lecture is under the auspices of the choir.

STEWART, B.C., Dec. 6.—Carl Booy, an Austrian, was killed instantly and his wife, Mrs. John Russell, was seriously injured in a terrific explosion which wrecked a temporary powder magazine in the Number Two level of the Premier Mine early Sunday morning. When the explosion occurred the four men who were injured were pushing cars into the tunnel from 300 to 400 feet distant from the actual point of the explosion. It appeared that there were eight cases of dynamite stored in the magazine, and the only person near was Booy. The force of the explosion was so terrific that steel cars several hundred feet away from the magazine and around several bends in the tunnel were badly smashed, battered and twisted.

D. E. a social evening will be spent tomorrow night at St. Michael's School, Oak Bay, commencing at 8 o'clock. Bridge and five hundred games will be played, while dancing will also be indulged in. Persons wishing to reserve tables for cards are requested to phone Mrs. R. E. Burns, No. 25311.

Tulane P.T. Meeting.—Mrs. A. Wicks will speak to members of the Tulane Parent-Teachers' Association tonight in St. Mark's Hall, Bolekies Road, commencing at 8 o'clock, on "Experiments, the International Language." The question of daylight saving will be discussed by the gathering, and other routine business transacted. Everyone interested is invited to attend.

Royal Oak W.L.—The Royal Oak Women's Institute will hold its annual meeting tomorrow at 2 o'clock in the institute room at Royal Oak. Reports for the year will be received, and election of officers will take place. Mrs. F. Ricketts, president of the Esquimalt Institute, will preside, and the members of the 1922 executive will act as hostesses for the social hour. Interested members are urged to attend the meeting.

X. W. C. A. Social.—The membership committee of the Y. W. C. A. will hold the second of a series of instructive socials on Friday evening, at 8 o'clock, in the "Y" rooms, at Yates Street. Stories of the opera are being read and discussed, the one for this meeting being "Martha." A talk and demonstration on salad-making will also be given. All girls are most cordially invited to attend.

Home Missions.—Rev. J. H. White, pastor of St. Columba Church, will address the Missionary Society of the church this afternoon, at 3 o'clock, in the church parlors, on the subject of "Home Missions," telling of his own experiences in the Cariboo country. This should be instructive to all church-going people, and it is hoped a goodly number will attend and hear his very interesting story.

Fined Under Game Act.—Before Magistrate Jay yesterday, J. Corri, a second-hand dealer, of Johnson Street, was convicted on a charge of being in possession of three skins, being those of raccoons killed during the closed season. The defendant, who was represented by Mr. P. J. Sinnott, said that he bought the skins from Indians, and was not aware that he was offending against the game regulations. A fine of \$30 was imposed.

Aid Boy Scouts.—At the meeting of the Margaret Rocco Robertson Chapter, I.O.O.F., held last night at the Jones Building, it was announced that the sum of \$34.50 was cleared from the recently held card party at the home of Mrs. Gardiner, and this money will be forwarded to the James Bay Troop of Boy Scouts. The usual business was transacted at the card conference, and the monthly donations voted upon, including a subscription to the secondary education scheme.

Function at Lutton.—The Lutton piano committee will hold a whist drive and social next Saturday night at 8 o'clock in the Lutton Hall. Prizes will be awarded to the successful card contestants. Refreshments will be served. The committee wishes to record its appreciation of the splendid support accorded by the public in the past, and asks for a continuance of the same. Everyone is welcome to attend this function on Saturday night.

G.W.V.A.—A special general meeting of the Victoria Command of the Great War Veterans' Association will be held tomorrow night at 8 o'clock in the Esplanade Hotel. The organization at the annual meeting of the Provincial command of the G.W.V.A., held recently at Penikese, B.C., will present his report and an address will be given by Mr. Walter Drinnan, Provincial secretary. All members are requested to be present.

Camouss Chapter.—Mrs. Phillips presided at the meeting yesterday afternoon of Camouss Chapter, I.O.D.E., when Mrs. Hardman was enrolled as a new member. Grateful thanks were expressed to Miss Agnew for her generous donation of laurel used in the wreaths for the soldiers' graves on Armistice Day. The Armistice Day thankoffering scheme was read to the meeting, and the Chapter decided to give their assistance. An appeal for the Boys' Naval Brigade band was heard, and assistance will be given also to this cause.

Graduate Nurses.—The graduate nurses held their regular monthly meeting on Tuesday, when the members heard a lecture given by Dr. Ernest Hall and a description of the method of diagnosing disease by use of the reflexes. The report of the central memorial committee that they would like all funds in by December 31. All nurses, whether actively engaged in the profession or not, are asked to contribute so that it may be truly said that the memorial has been given by the nurses of Canada to those nursing sisters who lost their lives in the service of their country.

Girls' Corner Club.—On Thursday evening in the club rooms, Liberal Hall, Government and Broughton Streets, after the usual exercises, the members will meet for the monthly sewing circle, where all will be busy making Christmas gifts. The girls are also preparing a programme to entertain the inmates of the Ased Women's Home on Thursday, Dec. 14, after which the club will close for two weeks. Supper for business girls will be served at 8:15, with the assistance of the Metropolitan Missionary Circle. All are welcome. Mrs. William Marchant's Bible Study Class meets in the adjoining room every Thursday at 8 p.m.

Spanish Cyclists Fined.—The effort of the Spanish Police Department to reduce the number of accidents in the district, caused by the prevalent habit of cyclists who ride without lights after sunset, as to which Chief of Police Peter Broman recently gave notice in these columns, was illustrated in the municipal police court yesterday, where four persons were fined under the by-law. Fines of one dollar each were paid by A. Phillips,

F. Morris and F. Wraith; while C. Martin was ordered to pay \$3. Chief Broman informed the court that the reason for the rigorous enforcement of the regulation was the desire of the police to prevent accidents, of which the victims in such cases were generally the cyclists themselves.

Child Hygiene.—Mrs. Booth, the president, presided at the meeting of the Child Hygiene Council held at the High School, Esquimalt, on Tuesday evening, with all the members present. The chief business was the making of final arrangements for the Christmas tree to be held December 21 at the Ballers' Club, Esquimalt, when Santa Claus will bring gifts to all of the children in the municipality under six years of age if their names and addresses are sent either to Mrs. Jas. Nicol, Esquimalt Road, telephone No. 52812, or to Mrs. F. W. Sanders, Head Street, telephone 25311. Menus, Pomeroy and Jack-In are kindly providing the tree, and tea and refreshments as well as many toys. Suitable gifts for the tree are being donated. There will be a short musical programme and entertainment for the children.

WAR CEASED JANUARY, 1920, COURT DECIDES

WINNIPEG, Dec. 6.—For the first time since the cessation of hostilities a Canadian court has been called upon to declare officially when the war came to a close, and this decision was given today by Mr. Justice Dwyer in directing how a trust fund transferred from the 98th (Winnipeg) Battalion, on active service, to trustees here, should be disbursed.

His lordship declared that as the 98th was a Canadian Battalion fighting on the Western front, and that as war with Germany ceased January 10, 1920, this date should be taken as the year when Canada was at peace with Germany. The fund amounted to \$100 and by the terms of the agreement was to be handed over to the officer commanding the battalion three years after the war was over.

Social & Personal**Dance at Colwood Club**

Colwood Golf and Country Club was on fête last night, when the ladies' committee, at the invitation of the directors of the club, arranged and held there a very enjoyable dance, the proceeds of which will be devoted to the furnishing fund for the building. Some time ago an announcement was made that all the tickets for the dance were sold, and this fact, together with the administrative arrangements made by the ladies' committee for the affair, manifested the success of the initial dance, which will doubtless be the forerunner of many other similar functions. Supper was served under the capable direction of Mrs. C. R. Jenner, and Heaton's orchestra supplied a splendid programme of dance music.

Mr. A. Yarrow Engaged

Announcement has been made in England that Mr. Alfred Yarrow, Bt., F.R.S., founder and chairman of Yarrow & Co., the great shipbuilding and engineering firm, is engaged to be married to Eleanor, daughter of the late Goodwin Barnes, of Exeter, Bishop Stortford. Miss Barnes is a descendant of Dr. Meade, who was known not only for his literary and medical works, but as possessing one of the finest libraries of his time. On her mother's side she is a Sanderson, being a descendant of Dr. Robert Sanderson, Bishop of Lincoln, the friend of Isaac Walton, who wrote a charming sketch of his life. She is the author of "As the Wind Blows," and is a great lover of outdoor life.

Engagement Announced

Mr. and Mrs. J. Knight, of Esquimalt, announce the forthcoming marriage of their daughter, Miss May Knight, to Mr. John Bennett, also of Esquimalt, at the St. Paul's Church, Esquimalt, on Saturday, December 16, at 4 p.m. After the wedding the reception will be held in the Masonic Hall, Esquimalt.

Announce Marriage

Mr. and Mrs. Samuel Hill announce the marriage of their daughter Phyllis to Mr. Albert G. Haffner, Esquimalt, on Saturday, December 2, in Seattle, Wash.

HER HEART SKIPPED EVERY THIRD BEAT

Mrs. James Hurligh, 248 King St. E., Chatham, Ont., writes: "I think it my duty to let you know what Milburn's Heart and Nerve Pills have done for me."

"I suffered for years with palpitation of the heart, my nerves were very bad, and I could not be left alone at any time. I doctored for over a year, and the doctor said my heart was very bad as it skipped every third beat. I gave up just at this time, and then my mother advised me to try Milburn's Heart and Nerve Pills, saying my heart trouble had been relieved by using them when he was very bad with his heart and nerves. I got a box and started to take them, and when I had used it I felt a little better; could sleep a little and felt stronger. I continued taking them for about three months, and felt better than I had for years."

"When I think of the misery and suffering I went through before I started Milburn's Heart and Nerve Pills, I feel like telling everyone who asked them for me."

MISS BERTHA SMITH WEDS BRUCE DIXON

Many Guests Assemble at Charming Ceremony Solemnized at St. Andrew's Presbyterian Church

A charming profession of folk, white and red arbutus berries, and brown chrysanthemums formed the decorative scheme employed at St. Andrew's Presbyterian Church by the Misses Dawson, hosts of the bride, for the marriage which was celebrated yesterday afternoon by the Rev. Dr. Clay between Bertha Lawson, eldest daughter of Mr. and Mrs. Henry Smith, of Charlottetown, P. E. I., and granddaughter of the late Mr. Henry Lawson, editor of The Colonist 1889-1897, and Mr. Gilbert Bruce Dixon, B. Sc. C. E., son of Captain and Mrs. A. G. Dixon, of Vancouver.

The bride, who entered the church on the arm of her brother, Mr. Harry L. Smith, looked very handsome in a French tricot suit of navy blue with smart waist of Hudson seal and hat of grey velvet, trimmed with dainty French roses. Her bouquet was a shower of Ophelia roses.

Attending the bride was her sister, Miss Helen Smith, who wore a navy blue suit of crepe and a navy feather hat and carried a shower bouquet of mauve chrysanthemums. Mr. Arlington S. Dixon supported the groom.

The ushers were Mr. George E. Norris and Mr. Edgar S. Brown. The bride has been a popular member of the staff of the Public Works Department and the bridegroom is Provincial Engineer of Dykes for British Columbia.

CHEMAMUS

Following the ceremony Mr. and Mrs. Dixon left on the afternoon boat for Seattle and Sound cities, and on their return will be resident in the Manning Apartments. Among the out-of-town guests at the wedding were the groom's parents, Captain and Mrs. A. G. Dixon, his sister, Miss Helen Dixon, and his brother, Mr. Arlington Dixon, all of Vancouver.

LIBERAL LADIES' CLUB HOLDS POPULAR DANCE

In the neighborhood of two hundred couples attended the ball given in the Alexandra House last night by the ladies of the Liberal Association, mark the formation of the Victoria Young Ladies' Liberal Club, and an exceptionally good time was enjoyed by all. Music was rendered by the newly organized Liberal orchestra conducted by Mr. Ben Zola, and following adjournment of the Legislature, many members of Parliament and their wives, and members of the press gallery attended as guests of the new club. Premier Oliver, who was expected as a guest of honor, was unable to attend owing to fatigue.

The newly organized Liberal Club already has a large membership, and last night's ball was only the initial attempt to provide a series of entertainments during the winter months. The dance and supper arrangements were in charge of Mr. F. R. Carlisle, president of the Victoria Liberal Association, and a committee of ladies, and no detail was overlooked to promote the comfort and pleasure of the dancers. The hall and dining-room decorations were very tastefully carried out.

MISS WINIFRED ROSS WEDS GORDON LOUGH

Pretty Ceremony Solemnized Last Night at St. Andrew's Presbyterian Church

Charming in every detail was the marriage solemnized last evening at 9:30 at St. Andrew's Presbyterian Church, when Rev. Dr. Clay united in matrimony Winifred Ross, youngest daughter of Mr. and Mrs. William M. Ross and Gordon Albert Lough, son of Mr. and Mrs. A. W. Lough, of Winnipeg. A number of friends of the young couple attended the ceremony, and the church was most effectively decorated for the occasion with masses of greenery, ivy, white berries, and three arches composed of cedar sprays, with copper-colored chrysanthemums adding their bright color to the ensemble.

The bride, who was given in marriage by her father, looked radiant in her wedding gown of ivory georgette over ivory satin. The over-dress was gracefully draped at the sides, and held in place by handsome bows and the side of her hair was suspended long pearl fringes. Her veil was hand-embroidered net, caught beneath a coronet of opalescent blossoms, and her shower bouquet was composed of Ophelia roses and swansons.

The bride party

Attending the wedding Miss Pearl Ross, the bride's sister, and Miss Ince Terry. Miss Ross wore coral shaded georgette, the low waist being banded with silver ribbon and dainty ostrich tips, and the side of her hair was of a picture model of the same shade, trimmed with a long ostrich plume, and her shawl was composed of large mauve chrysanthemums and fern. Miss Terry looked very handsome in a gown of orchid colored georgette, in similar design, and her hair was of orchid georgette with drooping ostrich plume, and her bouquet of yellow chrysanthemums.

Little Miss Elaine Ross, niece of the bride, was the fascinating flower girl, and wore a picturesque frock of orchid colored georgette, with wreath tips and the side of her hair was of a basket of single pink chrysanthemums. The groomsmen was Dr. J. M. Moore. During the signing of the register, James Longfield, a friend of the bride, presented her with a very delightful, "O Promise Me."

Reception at Home

Following the service, the bride party and friends repaired to the home of the bride's parents, 1214 Hayes Street, where a reception was held. Refreshments were served at a table prettily decorated with a mauve and pink color scheme. Mr. and Mrs. Lough left for a honeymoon trip, motoring to California, and on their return will reside at 907 St. Patrick Street.

LIFESAVING AWARDS TO BE PRESENTED AT THE V.A.S.C. DANCE

At the close of the summer season, a well-trained class of swimmers of the Victoria Amateur Swimming Club tried the test for the bronze medal and certificate of the Royal Lifesaving Society, all members proving successful in passing the test. Miss Grace Walburn, the coach, is to be congratulated on the success of the class, which consisted of Miss Jessie Stott, Dorothy Melville, Kathleen Walburn, Doris Clapham, Marjorie Breckenridge, Tommy Walburn and Tommy Brookes.

The V.A.S.C. is the only swimming club in the city affiliated with the Royal Lifesaving Society, of London, England, and each summer a class is formed and instructed in this frequently necessary and very useful knowledge of saving life and reviving the apparently drowned.

The medals and certificates have just arrived in the city, and will be presented to the successful competitors at the monthly dance, to take place on Monday, December 11, at the Elks Hall, Douglas Street. Ourselves will again furnish an attractive programme of music from 9 till 11, and a buffet supper will be served. A thoroughly enjoyable affair is anticipated by the hosts.

**LUCKY HE GOT TANLAC SAYS T. B. DRAPER**

"Talking about things that help people, this Tanlac has done me more good than anything else I have ever come across. There's no doubt in my mind but what it's the best medicine money can buy," is the emphatic statement made recently by Thomas B. Draper, 234 Second Avenue West, Calgary, Alberta. Mr. Draper is an old Imperial Army man. He saw many years' service in India and Egypt, and also served in the Indian campaign of 1912.

"For a year past I have felt run down all over. My appetite deserted me and the little I did eat seemed to do me no good. I felt no life and worn out it was an effort for me to get up from my chair. I couldn't sleep to do any good and got up mornings just as tired as when I went to bed at night. I lost weight continually and had commenced to worry over my condition."

"It was certainly lucky for me that I listened to my friends and got Tanlac, for I have gained several pounds in weight and have not felt so well in a long time. What it takes to make a man eat good, sleep good and feel like working. Tanlac certainly has it."

Tanlac is sold by all good druggists. (Adv.)

COMMUNITY CHEST DRIVE ADVANCES

LADIES START CANVASSING RESIDENTS TODAY

Rotary Club Retains Its Lead in Victory Loan Flag Competition—Kiwans Second

Victorians are asked to rally around the Community Chest and fill it with \$5,000 by the time the annual drive for funds here comes to an end. Many cities on the North American continent, including Montreal, Tacoma (Wash.), Toronto and Winnipeg, have had great success in their campaigns and have now accepted the Community Chest as the most efficient means of collecting and administering funds.

Fourteen local organizations are affiliated with the Chest, and they are relying upon the generosity of Victoria's citizens for the money necessary to carry on their splendid work in the community. The headquarters of the Veterans of France were burned Tuesday, and relief is needed by many who lost their belongings. The cold weather has proved a hardship with not a few families and they must be cared for. Residents and business men are being appealed to to help this work along by giving "to their limit."

In the Community Chest inter-service club contest, the Rotarians are well out in front of the other two organizations, the Kiwanis and Gyro clubs. Up to a late hour last night, the members of the Gyro club had collected \$3,430.13 since they entered the contest, while the Kiwanis, who are second with \$2,524.08, are considerably behind. The Rotarians, who occupy third place with \$2,043 collected.

The assistance of the ladies in the Community Chest campaign has already helped swell the total amount collected to date, and it is expected that their work during the balance of the drive will be productive of good results. They will start out in the residential districts this morning to secure funds for the Community Chest, while the men will continue to solicit contributions in the downtown sections of the city.

COMMEND BODY FOR ASSISTANCE TO CITY

Taxation Committee of Council Comments on Chamber of Commerce Licence Schedule

No substantial forward movement in civic affairs can take place until annual income and expenditure balance, according to members of the City Council's special taxation committee, who have communicated their views to the directors of the Chamber of Commerce.

Their letter follows:

"The undersigned, comprising the special taxation committee of the Victoria City Council, have viewed with a great deal of appreciation the efforts that have been made by the Licensing Commission (consisting of representative members of your Chamber) to assist the City Council in arriving at a fair basis whereby a substantial increase may be attained in the revenue received by the city through the medium of business taxes.

"Notwithstanding that the total increased revenue which your report recommends is, in our opinion, hardly adequate to meet the situation, and also notwithstanding that there may be points of difference of opinion in regard to some of the items in the

schedule to the report of your Licensing Commission, yet we feel that the knowledge which your representative committee has gained of the city's affairs, and the practical co-operation which has been so cheerfully rendered by your committee, are of the utmost value, and if similar co-operation can be secured in other quarters, 1923 will see the most important step taken that it is possible to take in rehabilitating the city's finances—namely, the balancing of expenditure with revenue.

"The undersigned are unanimous in believing that no substantial forward movement in civic affairs can take place until annual income and expenditure balance.

"We will be obliged if you will

cause this expression of our thanks and appreciation to be conveyed to the members of your Licensing Commission."

Siki and His Former Manager Make Scene in Newspaper Office Following Chance Meeting

PARK, Dec. 6.—George Carpentier, in newspaper interview today, told his version of the fight between himself and Siki, which was held at the Victoria arena last night.

Carpentier's chief argument in his efforts to discredit the statements of the referee, in which he said that Siki had won, was that he had seen Siki's hands tell the story of the fight.

He said that he had seen Siki's hands tell the story of the fight, and that he had seen Siki's hands tell the story of the fight.

that there are not a host of other good men on Frank Patrick's squad, but that the outstanding star is undoubtedly Mr. Lehman. Hughes is ready to maintain that the team will have to go pretty hard to crack the puck past him.

The appearance of "Cyclone" Taylor, one of the fastest skaters on the team, will be hailed with interest by local enthusiasts, who will be glad to see how the veteran star compares with his former style when he was a regular on the Mainland rink. Taylor has staged a "comeback," and from adversity received he was going well in his first contest on Monday evening.

With the Vancouver team minus the services of Art Duncan and Alf Skinner, who are suffering from the injuries of battle, Frank Patrick, the league president, jumped onto the ice on Monday night and gave a wonderful exhibition while on the pond, scoring a goal and an assist. Frank worked with "Cyclone" on the defense and proved most effective. Whether Patrick will play here tomorrow night is not yet definitely known, but it is practically certain that he will make the trip over to Victoria with the Maroons.

If Frank Patrick doesn't take part in the scrap, then Harris will undoubtedly star in front of Lehman, with the Vancouver skipper as his companion and side-kicker. Harris is a hard checker, and would be of good service on the Maroons' defense. Taylor could then start at centre, with Mickey MacKay and Hughes, one of the new men, on either side of the risk. This should give the Vancouver club a strong line of attack, and the Maroons' defence would be in a tight spot.

No matter which team comes through the ice, the game will be a fast and exciting struggle. Both clubs have been reeling up now for a few days, and with the Maroons' defence in their minds they should be able to take the ice and dish up a warm battle. Seats for the match went on sale yesterday, and those wishing to get the best seats should call at once at the arena office, 767 Fort Street, and thus avoid disappointment.

Charges Arising From Sunday Football Will Be Heard Next Monday

NANAIMO, Dec. 6.—On October 22, a football game was played between the Nanaimo and Victoria teams at the Central Sports Grounds, which are within the city limits. This date fell on a Sunday, and a certain element within the city claimed that this was a violation of the Lord's Day Act. Acting on this assumption, members of the city police force were present at the game, and some of the names of spectators besides those of the players and managers of the teams were taken. The Attorney-General was communicated with, and a writ was asked for to prosecute under the Lord's Day Act. This writ has been received, and it is understood that on Monday morning the case will be called and Magistrate Beaver-Potts will be asked to decide whether or not the act has been violated. No admission was charged for the game, but a voluntary collection was taken up, and whether this constitutes a breach of the act or not will be for the magistrate to decide. It is understood that four separate charges will be made.

New Brunswick Profit
From Liquor Amounts
To Half Million Dollars

FREDERICTON, N.B., Dec. 6.—Profits to the extent of more than half a million dollars have apparently been realized by the Province of New Brunswick during the past fiscal year from the distribution of liquor under the Prohibition Act by the New Brunswick Liquor Commission and receipts under the New Brunswick Liquor Exporters' Tax Act.

THE INSTRUMENT OF QUALITY
Sonora
CLEAR AS A BELL

The Instrument

Over a Half Million
in Use

THE greatest proof of Sonora's value is its popularity, but back of that popularity is the Sonora tone which has revolutionized phonograph history.

Such exceptional clarity and charm of reproduction early won the applause of musical leaders. Then one by one a vast public listened, became convinced, and desired to own "the Highest Class Talking Machine in the World". Between the Sonora model that is exactly suited to your needs, and an inferior machine, there may be no difference in price. The difference is in satisfaction, in pride of possession, in purity and fineness of tone is incalculable. Sonora's loyalty to an ideal has won the public's loyalty to Sonora. It is worth your while to hear the new Sonora models.

ENDED IN HOSPITAL

(Continued from Page 1)

The first was without friction, Dr. McKelvie, who was present, refusing to do so, objecting to "surgical" methods. Dr. McKelvie did not believe that the examination of the boy should be proceeded with on the grounds that his condition was too serious.

The boy, when questioned, said that he felt the same before the committee as he had on the previous evening when examined by Dr. McKelvie.

Dr. McKelvie took the temperature of the boy, checking Dr. McKelvie, and found it to be a shade over 100. Questioned further, the boy said that he worked on a boiler. He felt that just the same as he had a month ago, had slept well the night before, and had eaten two meals on that day.

Dr. McKelvie first brought the boy before the committee to give an exhibition of chiroparactic treatment. At the same time he moved his chair, leaving it in position. The night before, he said, was the first time he had seen the boy, whom he had previously treated for infantile paralysis. He had worked upon the boy's spine; the results had suggested a condition which had led to his instantly examining one of the patient's organs.

"I removed from the spine to the organ," said Dr. McKelvie. "That is where we differ from the doctors."

Tell of His Practice
Dr. McKelvie admitted that chiroparactic would cure an ulcerated condition, but not in the case of malignant ulcers. He told of his treatment having resulted in a woman who had never had anything but milk and a little bread for seven years being now able to eat beef and cabbage.

Referring to his diagnosis of the boy, Dr. McKelvie said: "I may be wrong in the pathological condition, but I'm not wrong in the organ." He said that his challenge in the doctors was not issued in any spirit of bravado—it was not stage play.

He handed in his diagnosis to Dr. Jackson. On behalf of the doctors, Dr. H. B. Robertson pointed out that the examining physicians might find it necessary to take an X-ray, spinal test, etc.

The boy, who was by this time strapped to the table in anticipation of the examination, was examined by Dr. McKelvie, who left alone in the committee room with Dr. McKelvie. The examination took about half an hour, the committee then reconvened.

Dr. H. B. McKelvie, of Vancouver, was under examination during the afternoon before the committee. He was asked, in answer to questioning by Mr. Gordon Wilson, counsel for the chiroparactors, that it was a dangerous thing for patients to be treated by chiroparactors in the case of organic diseases, because of the delay in treating in the proper manner, he

replied: "We had better get the whole story. It is interesting."

Dr. H. Marshall, another Vancouver chiroparactor, also answered statements made concerning one of his patients. Asked how long he had practiced in Vancouver, McKelvie said, in reply, that he had done so for three years, except for one month he spent in jail.

He added, referring to the prosecution of chiroparactors, that he had been arrested by the police, and that he had been in jail for three months.

Dr. Marshall assured the committee that nothing could be cured by chiroparactic.

YARROWS ARE TO BUILD
AN AUTOMOBILE FERRY
FOR C.P.R. COMPANY

11 feet deep. It will be broad-bottomed, 1200 feet, and of 1,200 horsepower.

In respect to her internal combustion engine, she will be unique in the Vancouver Harbour fleet as the only Diesel-engineered craft owned by the company on Atlantic or Pacific.

The building was very close, from the front of the building, efforts to get the work done. The Wallace yard of North Vancouver, submitted a very good tender on a steel vessel, but the tender was rejected. The tender was judged the most suitable, taking all in all. Several British Columbia firms put in proposals.

There will be a good deal of preliminary work to do before construction gets very far under way, Mr. Farver said. Although this will not show, the work will be advancing rapidly.

"We have plenty of time to finish before May," he said. He felt that there would be general pleasure here at his firm's success as it was fitting that a local yard should build a local ship, one intended to develop local trade and benefit the city and Island. The ferry will be used in the straits between the vicinity of Seiler and Ballingham, on the American side, will be made in under three hours.

MUSICAL TREAT AT
CAPITOL THIS WEEK

Another Violin solo by Giuseppe Verdi and Bach's "Brandenburg" by the Capitol Orchestra.

A special treat for music lovers is being presented at the Capitol Theatre this week in addition to a good programme of pictures.

The opening feature of the week's show is playing a pleasing novelty. It takes the form of a violin solo by Giuseppe Verdi's "Brandenburg" and is accompanied by the Capitol Orchestra.

During the playing of the concerto the fine soprano voice of a singer hidden in the background is heard taking up the melody which it carries through the orchestra. The picture is a most unusual one, being a scene from the opera "The Barber of Seville" by Rossini.

To the above picture are added the contributions of the Capitol Orchestra, piano, and Andre Jovovich, baritone, which have been accompanied with an orchestra of the Capitol Theatre.

The picture of the "Brandenburg" is a most unusual one, being a scene from the opera "The Barber of Seville" by Rossini.
